Sir,

My primary goal in writing this e-mail is to relieve your staff and that of SCANA of any unnecessary preparation for this hearing since I will not be attending the hearing myself nor have I retained the services of an attorney in this matter.

After having spoken with SCANA's Mr. Joseph Lynch at some length and also after another very constructive conversation with Mr. Chad Burgess I feel that I now have a clearer understanding of what the eWNA is supposed to do and how it is intended to accomplish that goal. A clear explanation is all I wanted to begin with, but inadvertently got scheduled for a formal hearing. I accept blame for taking the wrong path in this process, and credit Mr. Lynch and Mr. Burgess for taking the initiative to contact me and give me what I really wanted.

If you would be so kind as to remove this matter from your calendar/docket and advise all other interested parties that I have decided to let this issue rest and give this program a chance to work without my interference.

Thank you Mistrs Lynch and Burgess for your kindness in the handling of this matter and I hope you are proven right in your calculations as to how this will work out for the benefit of everyone concerned.

Please advise me if this e-mail is found deficient for it's intended purpose, or when this matter is closed.

Sincerely,
Robert Gray
